It is the vital principle of the Pine Tree, obtained by a peculiar process in the distillation of the tar, by which its highest medicinal properties are retained. Tar even in its crude state has been recommended by eminent physicians of every school. It is confidently offered to the afflicted for the following simple reasons:

1. IT CURES,—not by abruptly stopping the cough—but by dissolving the phlegm and assisting nature to throw off the unhealthy matter causing the irritation. In cases of seated CONSUMPTION it both prolongs and renders less burdensome the life of the afflicted sufferer. renders less burdensome the life of the afflicted sufferer.

Dr. John Bull-Dear Sir: Many thanks to you for the medicine you have so kindy given me. I have been a great sufferer for years, and had the advise of various physicians. Some pronounced my spine some my lungs, and some my heart to be the seat of my disease. I have been burnt, blistered and cupped until I had become disheartened.
